DESIRE/PURPOSE TO SERVE NAPE IF ELECTED

My desire to serve as General Secretary of NAPE if elected is to contribute towards the necessary step change in taking our association to the next level. I will like to see a NAPE that will become a **Global brand** like AAPG, SEG etc. I intend to work closely with all the necessary stakeholders so that the NAPE website is robust enough to attract members and non-members i.e.

- Publication of all papers presented from inception till date
- Advertising and engaging corporate organizations to provide instructors for NAPE Short courses free of charge
- Effective communication to all members on all NAPE activities.
- Assist and work with the President to design program that will project the association and take it to greater height
- Make sure that the secretariat is functioning optimally.

I look forward to contributing immensely to the growth on our great association.
