DESIRE/PURPOSE TO SERVE NAPE IF ELECTED

I have been a member of the association for over 30 years, and I have both witnessed and contributed to its growth. I believe that call to service is for a higher purpose, which is to put the best of my abilities to the growth of the association. Within the duties expected of me, I will strive to improve its image, assist the president in the discharge of his/her duties, and discharge of my constitutionally defined roles in the Distinguished Awards and Project Implementation Committees.

For the Project Implementation Committee role, I plan to consolidate all our landed properties and optimize same for commercial purposes, with the likely effect of reducing our landed property footprint. This will have the effect of generating cashflow for the association and ensuring that the core business of the association, which is the promulgation of ideas to enhance our place in the oil and gas industry, takes centre stage once again For the Distinguished Award role, I will ensure fairness, equity and balanced judgment in ensuring that our awards go to the right caliber of people who are recognized industry-wide.
